Trip Overview 2025-26

Dear Parents and Carers,

As Personal Development Lead, I am delighted to share with you an overview of the curriculum-linked trips and experiences we have planned for the next academic year. These visits play an important role in enriching our curriculum, offering pupils the chance to explore new environments, develop key skills, and make meaningful connections with their learning.

Attached to this letter, you will find a **Trip Overview** outlining the proposed educational visits for each year group. Please note that this document reflects our current planning and is **subject to change**. Some venues are not able to be booked far in advance, and occasionally we must adapt plans due to changes in availability, pricing, or other logistical factors. We will keep you informed of any updates as the year progresses.

We have also included an **approximate total cost** for trips by year group. These figures are provided as a guide to help you plan ahead, but please be aware that final prices may vary due to fluctuations in transport or venue costs.

Please note that this overview includes **curriculum-related** trips only. In addition to these, we also aim to offer a wide range of extra-curricular trips, events and opportunities throughout the year, which we will communicate with you separately as they arise.

We remain committed to providing high-quality, enriching experiences for all pupils and will always strive to ensure they are accessible, purposeful, and aligned with our curriculum aims.

Thank you, as always, for your continued support. If you have any questions or would like to discuss anything further, please do not hesitate to get in touch.

Many thanks

Miss Bassett

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6	Approximate Cost for the year
