

Prepositions

Practice saying sentences using these prepositions.

Example 1: On
'The dog is sitting **on** top of his house.'

Example 2: Behind
'The cheeky dog is hiding **behind** the house.'

Extension at home
To show a child's understanding, use an object and ask the child to place it in one of these positions.

Example: The child has a toy car, and you ask them to place it under/beside the table.

Activity 2

To continue learning prepositions at home, ask your child to position themselves around an object (i.e. a chair)
