

What do you like/ don't like? Why?

Look at the pictures with your child and discuss what they/you like or don't like. Then discuss why.

Example

'I like having a bath.'

Why?

'I like having a bath because I like the bubbles in the bath and I have toys I can play with in the bath. I have a yellow duck that floats on the water.'

The discussion could happen when you are on a walk, at the dinner table or relaxing on the sofa.

Extension

Think of other things you like/don't like that aren't on the grid.

What do you like/don't like? Why?
